

Assistant Professors (Tenure Track) of Computer Science – Computer Systems and Data Management Systems

The Department of Computer Science (www.inf.ethz.ch) at ETH Zurich invites applications for assistant professorships (tenure track) in computer science with focus on different aspects of a) Computer Systems and b) Data Management Systems.

- Computer Systems
- Data Management Systems

Please apply for only one of the above areas as all applications will be jointly reviewed. Applicants should be strongly rooted in computer science, have internationally recognized expertise in their field and pursue research at the forefront of computer science. Successful candidates should establish and lead a strong research program. They will be expected to supervise doctoral students and teach both undergraduate and graduate level courses (in German or in English). Collaboration in research and teaching is expected both within the department and with other groups of ETH Zurich and related institutions.

Assistant professorships have been established to promote the careers of younger scientists. ETH Zurich implements a tenure track system equivalent to that of other top international universities.

ETH Zurich is an equal opportunity and family-friendly employer, values diversity, and is responsive to the needs of dual-career couples.

**Please apply online (application period starts on 1 October 2023) at:
www.facultyaffairs.ethz.ch**

Applications should include a curriculum vitae, a list of publications, a statement of future research and teaching interests, a description of leadership philosophy, the names of three references, a description of the three most important achievements, and a certificate of the highest degree. The letter of application should be addressed **to the President of ETH Zurich, Prof. Dr. Joël Mesot. The closing date for applications is 30 November 2023.**
