

Professors of Cybersecurity (f/m/d)

ETH Zurich is establishing a new centre for teaching and research in Heilbronn, Germany, dedicated to advancing a human-centred digital future. Embedded in one of Europe's most dynamic digital innovation ecosystems, the [ETH Zurich Campus Heilbronn](http://www.heilbronn.ethz.ch) (www.heilbronn.ethz.ch) will bring together researchers, students, industry, and society to explore bold ideas, foster interdisciplinary collaboration, educate and inspire student talents, and develop solutions for the challenges and opportunities of the digital age – shaping innovation with excellence, responsibility, and impact.

The Departments of [Computer Science](http://www.inf.ethz.ch) (D-INFK; www.inf.ethz.ch) and [Information Technology and Electrical Engineering](http://www.ee.ethz.ch) (D-ITET; www.ee.ethz.ch) at ETH Zurich invite applications for tenured faculty positions in the area of Cybersecurity. Applications from all areas within Cybersecurity, interpreted broadly, are encouraged. Potential topics include but are not limited to foundations for information security (including cryptography, and formal methods), system security (hardware, software, platforms) across a wide range of systems, network and wireless security, AI security, human factors in security, and privacy.

Successful candidates are expected to provide academic leadership by establishing, managing, and continuously advancing a high-impact research group; co-developing and implementing an internationally visible and innovative educational programme grounded in modern teaching approaches; contributing to teaching (in English) and to the supervision of students and early-career researchers; actively collaborating with academic, industrial, and societal partners in Germany, Switzerland, and internationally, while maintaining close ties with ETH Zurich in Switzerland; engaging in knowledge and technology transfer activities.

Ideal candidates are inspired by the unique opportunity to join ETH Zurich in Heilbronn from the outset and help shape an open, collaborative, and integrity-driven campus culture aligned with the values and strategic vision of ETH Zurich.

ETH Zurich is an equal opportunity and [family-friendly](#) employer, values [diversity](#), and is responsive to the needs of [dual-career couples](#).

Please apply online: www.facultyaffairs.ethz.ch

Applications should include a covering letter; a curriculum vitae; a list of publications; three statements on a) research, b) teaching, c) leadership; descriptions of the three most important achievements; and a certificate of the highest degree. Please note that the covering letter should be formally addressed to the President of ETH Zurich, Prof. Dr. Joël Mesot. **The closing date for applications is 30 September 2026.**
